COLOUR-CODE YOUR NOTES AND BOOKS

WHICH COLOUR HIGHLIGHTER IS FOR TABLES?

Use a **colour scheme** in your notes and your books and stick to it, so your brain knows what it's looking at straight away. Sparky's scheme:

Sparky's colour scheme for pens and highlighters. The page tabs sticking out of the book help you find tabbed pages quickly.

- **In your notes:** red for explanations, green for the page number you'll find it on, blue for example calculations, black for normal notes.
- **In your book:** highlight a **passage** in **yellow** and a **table** in **green**.
- Go through **every single lesson**. Lay out your page and **get physical with your learning**.

- [ ] **Your books** · yellow highlighter for passages · green highlighter for tables
- [ ] **Your notes** · write the book page number in green next to each topic

CHECK YOUR EXAM RULES: TABS AND HIGHLIGHTING ARE FINE, HANDWRITTEN NOTES IN THE BOOK AREN'T
